

Brockman Agency
A Financial Services Broker

We offer financing for most any type of medical procedure from dental to veterinary. Our program pays the Doctor's office 100% of the amount charged for performing the procedure. We do not hold back funds or charge you a percentage of the amount charged for the procedure. We charge your office a flat-rate monthly service fee of **\$199.00 per month**.

We provide your office with a submission portal where you'll submit applications on the behalf of your Patients. You'll also receive the status of each application through the online portal. Once your patient's application is approved, the procedure can be performed and you will receive Payment in 3-5 business days **with no hold backs**.

Our service is not limited to medical procedures, we can finance out of pocket cost, deductibles, and other charges not covered by your patient's major medical, dental, or vision insurance. Please visit our [website](#) for more detailed information on our e-financing solutions product. We can save your office money each and every month compared to other services. Remember we offer a flat-rate fee not a percentage of gross amount financed.

Example:

If you have (6) patients this month in need of a medical procedure at a cost Of \$5,000.00 each. This is a total of **\$30,000.00** due to your office for Services performed.

Our Program:

Flat rate of \$199.00

We save you **\$1,076.00**

Other Services:

\$30,000.00 X 4.25%

=\$1,275.00
